PREFACE

This is the fifth edition of the Information Digest of Postsecondary Education in Iowa which replaced the Data Digest of Postsecondary Education in Iowa. The previous publication was first published in 1975.

Data for this publication is drawn from a comprehensive database developed by Peat Marwick Main and Company as a result of the work done by a Task Force on Higher Education. The task force included representatives of the Iowa Department of Education, Iowa Association of Independent Colleges and Universities, State Board of Regents and the Iowa College Student Aid Commission.

Most of the information in this publication is drawn from the Integrated Postsecondary Education Data System (IPEDS), which is a nationwide data collection system administered by states and the National Center for Education Statistics, United States Department of Education. The Iowa College Student Aid Commission, with the Board of Regents, coordinates the collection of IPEDS data from Iowa colleges and universities.

Some of the statistical data is obtained from sources other than IPEDS. Enrollment information is provided through an annual survey conducted by Jerald Dallam of the University of Iowa for the Iowa Coordinating Council for Post-High School Education, and through the Community Colleges Division of the Iowa Department of Education. Data on student fees, financial aid and affirmative action are compiled by the Iowa College Student Aid Commission.

The Iowa College Student Aid Commission is indebted to Dr. Robert Barak, Roger Foelske, and Dr. John Hartung, members of the Iowa Coordinating Council for Post-High School Education, Iowa financial aid administrators who worked with Commission staff to provide student aid information; and many Iowa college and university officials who provided the information for this publication.

The Commission also is indebted to members of the Technical Advisory Committee who have helped improve the accuracy and reliability of the data. Committee members are: Dr. Elizabeth Stanley, Iowa State University; Dr. Paul Butler-Nalin, University of Northern Iowa; Pat Murphy, Kirkwood Community College; Don Porter, Iowa Western Community College; Jay Davidson, Iowa Association of Independent Colleges and Universities; and Dr. Michael Cheney, Drake University.

The Digest is distributed to executive offices and libraries of all postsecondary institutions in the state, the Governor and education agencies, to State Legislators, and Iowa Congressional delegates. Copies are available to the general public for a fee of $10.

Efforts have been taken to provide complete and accurate information by having the data reviewed by officials from each institution before publication. For clarification of data presented in this publication, the reader may want to consult with the appropriate administrators at the institutions. Any comments or suggestions for improvement in the content or format of this report will be gratefully received by the Commission.

DIRECTORY OF IOWA COLLEGES AND UNIVERSITIES

Information in this section was obtained from Integrated Postsecondary Education Data System (IPEDS) Institutional Characteristics forms. The directory gives a brief description of each institution including address, telephone number, county, congressional district, accrediting association, control, affiliation, and highest academic offering.

Institutions for which data is reported in this publication are included in this directory. Directory information for other Iowa educational institutions including cosmetology/barber, medical/technical, and career/technical schools is available from the Iowa College Student Aid Commission.

ENROLLMENTS

The information in this section was compiled from enrollment summaries used to prepare the Iowa College and University Enrollment Report issued annually by the University of Iowa for the Iowa Coordinating Council for Post-High School Education.

The tables in this section contain enrollment information including residency, gender, full- or part-time status, rank in class, and graduate or undergraduate status within each major sector and each institution.

This edition includes a report of the origin of first-time freshmen students drawn from the IPEDS Fall Enrollment survey. The report categorizes all first-time freshmen as well as those who graduated from high school within twelve months of enrollment.

The table describing the geographic location of alumni includes data reported by schools based upon the best available alumni records. Some institutions may have records which date back to the 1920's while other have only a few years of data.

STUDENT EXPENSES

The college budgets in this section were collected by the Iowa College Student Aid Commission (ICSAC) and include tuition and mandatory fees (fees paid on an annual basis by all students), room and board charges for campus dormitories, plus a standard allowance of $1,700 for books and other educational-related costs adopted by the ICSAC for purposes of the state scholarship and grant programs. Since individual schools develop campus-based estimates of costs for non-fixed items such as books and transportation, the total budgets reported here may vary moderately from those given in college catalogs.

Few community colleges have dormitory facilities and living expenses can vary considerably depending on location and commuting distance. This report does not itemize these charges for community college students. Instead, an average allowance is used in conjunction with actual tuition and fees for these schools.

All expenses in this report were calculated on the basis of the September to June academic year.

DEGREES AND OTHER FORMAL AWARDS

The source of this report is the IPEDS Completions forms which collect data summarizing degrees and other formal awards conferred during the previous academic year. The first report summarizes the degrees conferred by each Iowa postsecondary sector. The second report lists the number of degrees conferred by each institution by level of degree.

A report of degrees conferred by discipline is available for each institution and will be provided upon request.

FACULTY SALARIES AND TENURE

Data in this section was derived from the IPEDS Salary Survey of Full-Time Instructional Faculty. The summary table compares average faculty salaries for 1992 with 1987. The following report summarizes faculty tenure by rank. The remaining reports include faculty salary information by rank for employees with 9-10 and 11-12 month contracts, with separate reports by gender.

This edition of the Digest includes faculty salary tables for 1991-92 as well as 1992-93. The reporting of both years' data will ensure that the most recent salary information is available while providing an uninterrupted series of reports which date back to 1976.

FINANCIAL STATISTICS

This section was compiled from figures reported on IPEDS Finance forms. Definitions for the terms used in these reports follow:

EXPENDITURES

Instruction - Expenditures of the colleges, schools, departments, and other instructional divisions of the institution and expenditures for departmental research and public service that are not separately budgeted.

Research - All funds expended for activities specifically organized to produce research outcomes and commissioned by an agency, either external to the institution or separately budgeted by an organizational unit within the institution.

Public Service - Funds budgeted specifically for public service and expended for activities established primarily to provide non-instructional services beneficial to groups external to the institution.

Academic Support - Expenditures for the support services that are an integral part of the institution's primary mission of instruction, research, or public service, including expenditures for libraries, museums, galleries, audio/visual services, academic computing support, ancillary support, academic administration, personnel development, and course and curriculum development.

Student Services - Funds expended for admissions, registration activities, and activities with a primary purpose of contributing to students' emotional and physical well-being and to their intellectual, cultural, and social development outside the context of the formal instructional program.

Institutional Support - Expenditures for the day-to-day operational support of the institution (excluding expenditures for physical plant operations), including expenditures for general administrative services, executive direction and planning, legal and fiscal operations, and public relations/development.

Operation and Maintenance of Plant - Expenditures for operations established to provide service and maintenance related to grounds and facilities used for educational and general purposes.

Scholarships and Fellowships - Expenditures given in the form of outright grants and trainee stipends to individuals enrolled in formal course work (credit or non-credit), including aid to students in the form of tuition or fee remissions, with the exception of those remissions that are granted because of faculty or staff status.

Mandatory Transfers - Transfers from current funds that must be made in order to fulfill a binding legal obligation of the institution, including mandatory debt-service provisions relating to academic and administrative building, which include (1) amounts set aside for debt retirement and interest, and (2) required provisions for renewal and replacements not financed from other sources.

Auxiliary Enterprise - Includes essentially self-supporting operations of the institution that exist to furnish a service to students, faculty, or staff, and that charge a fee directly related to, although not necessarily equal to, the cost of the service. Examples include residence halls, food services, student health services, intercollegiate athletics, college unions, college stores, and barber shops.

Hospitals - Expenditures, except depreciation, associated with the operation of a hospital, including nursing expenses, other professional services, general services, administrative services, fiscal services, and charges for physical plant operations.

Independent Operations - Funds expended for operations that are independent of, or unrelated to, the primary missions of the institution (i.e., instruction, research, public service), although they may contribute indirectly to the enhancement of these programs. This category generally is limited to expenditures of major federally funded research and development centers.

REVENUES

Tuition and Fees.- All tuition and fees (including student activity fees) assessed against students for education purposes.

Government Appropriations - All amounts received by the institution through acts of a legislative body, except grants and contracts for meeting current operating expenses.

Government Grants and Contracts - Revenues from governmental agencies which are for specific research projects.

Private Gifts, Grants, and Contracts - Revenues from private donors for which no legal consideration is involved and private contracts for specific goods and services provided to the funder as stipulation for receipt of the funds.

Endowment Income - 1) Unrestricted income of endowment and similar funds; 2) restricted income of endowment and similar funds expended for current operating purposes; and 3) income from funds held in trust by others under irrevocable trusts.

Sales and Services of Educational Activities - Revenues derived from the sales of goods or services which are incidental to the conduct of instruction, research, or public service.

Auxiliary Enterprises - All revenues generated by, or collected from, the auxiliary enterprise operations of the institution that furnish services to students, faculty, or staff, and that charge fees that are directly related to, although not necessarily equal to, the cost of the service.

Hospitals - Revenues of a hospital operated by the institution, including gifts, grants, appropriations, research revenues, and endowment income.

Other Sources - Revenues or items not covered elsewhere. Examples are interest income and gains (net of losses) from investments of unrestricted current funds, miscellaneous rentals and sales, expired term endowments, and terminated annuity or life income agreements, if not material.

Independent Operations - Revenues associated with operations independent of or unrelated to the primary missions of the institution (i.e., instruction, research, public service) although they may contribute indirectly to the enhancement of these programs. This category generally includes only those revenues associated with major federally funded research and development centers.

STUDENT FINANCIAL AID

The following section contains summaries of student financial aid distributed during the 1991-92 fiscal year. The information is based on the Iowa College Student Aid Commission questionnaire. The reports contain summary data for scholarships, grants, loans, and work-study funding provided in four categories (federal, state, institutional, and other) for all institutions. This edition of the Digest includes three tables titled "Iowa Financial Aid Expenditures by Program." These tables describe expenditures for programs sponsored by the State of Iowa.

CULTURAL AND ETHNIC DIVERSITY

This edition of the Digest includes a new section which summarizes cultural and ethnic diversity data for Iowa institutions. The Iowa College Student Aid Commission is required to provide an annual report to the Governor and General Assembly.

Reports include summaries of resident and non-resident minorities as well as those receiving tuition grants, Iowa grants and vocational-technical grants. The summaries also include minority faculty data.
